

Holly Smith

Children's Director & Elementary Sunday School Teacher

My family and I moved to Gloucester from Alaska in 2018. I've been married to my wonderful husband, Grant, for 10 years now and we have two amazing kids, Parker and Finley. I love camping and going on adventures with my family. When I can find the time, reading and sewing are a couple of my favorite hobbies.

Being a military family, we live far from our families, which is hard, but it's the life we chose and we wouldn't change it. We are always truly blessed wherever God sends us and that has most definitely been the case moving to Gloucester. Through Grace on Main, we have found our "family" away from family. I love being a partner at Grace Covenant Presbyterian Church, working with our families, and sharing God's love because He has so richly blessed my family's lives. Being hired as the Director of Children's Ministry felt like coming home.
