

Karen Murphy
Infant/Toddler Teacher

I am originally from Massachusetts. I retired after working for 19 years as a Special Needs/Autism Paraprofessional. Now I work full-time at a wonderful place in Gloucester...Brent and Becky's Bulbs. I also babysit for some sweet children on occasion. I have been working with children for over 25 years! My interests and hobbies are reading, writing, creating various crafts, gardening, and traveling. Most importantly is spending time with my beautiful family.

There are many more reasons than I can name for why I LOVE working with our children and teaching them about JESUS. The nursery is the first experience many of our little ones have at Grace on Main. To teach them about goodness and kindness and the love of Jesus is rewarding beyond measure, but what I learn from them is priceless! Since coming to Grace on Main in 2007, I have felt welcome, needed, and cared about. The people of Grace Covenant Presbyterian Church are truly my church family.
